Special manufacturing and purchase quotas will be issued in specific instances for each individual contract award in the case of Army, Navy, Lend-Lease or any emergency, defense or other unusual governmental requirement.

(b) In the assignment of either regular or special manufacturing quotas under § 205.1 hereof, consideration will be given to the adequacy of the manufacturing facilities and experience of each applicant, with due regard to current or anticipated medical, scientific, defense or emergency needs. No manufacturing quota will be assigned to any applicant who has not heretofore engaged in manufacturing derivatives unless the Bureau of Narcotics shall find that existing facilities devoted to the purpose cannot adequately and satisfactorily supply the requirements.

(c) In the assignment of either regular or special purchase quotas, under § 205.2 hereof, consideration will be given to estimated requirements based upon past business done by the applicant, or in case of a new applicant, to the estimated requirements as determined by comparison of his facilities with those of other applicants theretofore established in the trade, all with due regard to the current or anticipated medical or scientific needs.

(d) No manufacturing or purchase quota will be assigned (1) to an applicant whose sale or distribution of narcotic drugs has been attended with such evident disregard for the likelihood of diversion to unlawful channels of said drugs as, in the opinion of the Bureau, renders assignment of a quota inadvisable in the interest of conservation, or (2) to an applicant who does not provide and maintain measures, deemed adequate by the Bureau of Narcotics, for the safeguarding and protection of narcotic drugs.

§ 205.4 *Adjustment of quotas.* All quotas assigned shall be subject to revision from time to time as the Bureau of Narcotics shall deem necessary to give full effect to the principle of this order and of Directive No. 10, and to supply all medical, scientific, defense or emergency needs.

§ 205.5 *Specific exceptions.* The limitation prescribed in § 205.2 hereof shall not apply to the purchase of derivatives by a qualified practitioner for direct administration or dispensing, as such or as part of a compound, to a patient in the course of professional practice; or to the purchase of derivatives by a qualified pharmacist for direct sale, as such or as part of a compound, pursuant to a lawfully issued prescription; or to the purchase of derivatives for production of narcotic preparations exempted under section 2551 of the Internal Revenue Code, where the total quantity of deri-

atives used during a period of one year by a qualified producer in producing these preparations does not exceed 25 ounces; or to the purchase for sale or use for medical purposes, of narcotic preparations exempted under Sec. 2551 of the Internal Revenue Code.

§ 205.6 *Definitions.* The term "narcotic drugs" means opium, coca leaves, cocaine, or any salt, derivative or preparation of opium, coca leaves or cocaine.

The term "derivative" as used herein, shall mean any form of opium obtained from crude opium; any of the phenanthrene alkaloids of opium or the ecgonine alkaloids of the coca leaf, or the salts of such alkaloids; and every substance obtained or obtainable from such alkaloids whether produced by a synthetic process or otherwise, excepting extracts of coca leaves which do not contain cocaine or ecgonine.

The term "manufacture" shall mean the production of derivatives from crude opium or coca leaves, or by synthesis from other materials.

§ 205.7 *Clearances and preference ratings.* Each proposed purchase of narcotic drugs which requires a special manufacturing or purchase quota under the provisions of §§ 205.1, 205.2, and 205.3 hereof, shall be cleared with the Bureau of Narcotics by the purchasing agency before the order for the drugs is placed. No preference rating heretofore or hereafter assigned, applied or extended by any person shall have binding effect with respect to transactions in narcotic drugs unless expressly so ordered by the Bureau of Narcotics in a written authorization addressed to the manufacturer or wholesale dealer by whom such rating or extension is to be recognized and the narcotics supplied. Application for such approval may be made to the Bureau of Narcotics when clearance of the order is requested. No special quota shall be issued for any such order unless the prospective supplier shall be registered in the appropriate class under the Federal narcotic law, and shall be found by the Bureau of Narcotics to be otherwise qualified to manufacture or sell such narcotic drugs. No person shall furnish, on any order or contract for which a special quota is required, a quantity which is in excess of the special quota received therefor.

§ 205.8 *Records and returns.* In addition to the records, and returns required to be kept or submitted under the Federal narcotic laws and regulations pursuant thereto, such special reports of transactions in narcotic drugs shall be furnished as the Bureau of Narcotics may from time to time require.

§ 205.9 *Penalties.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. Any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, narcotic drugs.

§ 205.10 *Effective date* This order shall become effective on and after May 31, 1943, and subject to the provisions of Directive No. 10 of the War Production Board, and of Section 1501 of the Second War Powers Act, 1942, shall continue in effect until revoked by the Commissioner of Narcotics. The right is reserved to amend, modify or supplement this order by such further orders as the Commissioner of Narcotics may deem necessary or appropriate.

Commissioner of Narcotics.

Approved May 25, 1943.

PART 328—MINIMUM PRICE SCHEDULE,
DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in

the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for rail and truck shipments and changes in the freight origin group numbers and in shipping points for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of The Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices and changes in the freight origin group numbers and the shipping points for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (Alphabetical list of code members) is amended by adding thereto Supplement R, and § 328.34 (General prices for high volatile coals in cents per net ton for shipment into all market areas) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The petition proposes Thornton, Kentucky, as the rail shipping point for the coals of the Stephen Caudill Mine, Mine Index No. 4131, of Stephen Caudill. The records of the Division, however, show that Thornton, Kentucky, is the post office designation and that Mayking, Kentucky, is the correct rail shipping designation and it is therefore listed accordingly.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: May 15, 1943.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand what consumers want and what problems they are facing. Once a need is identified, the next step is to develop a concept that addresses this need. This is often done through brainstorming sessions with a team of designers and engineers. The concept is then refined through prototyping and testing, ensuring that it meets the requirements of the market. Finally, the product is launched and its performance is monitored to ensure it continues to meet the market's needs.

Chapter VI—Selective Service System

[Amdt. 156, 2d Ed.]

PART 603—SELECTIVE SERVICE OFFICERS COMPOSITION AND APPOINTMENT

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 603.22 to read as follows:

§ 603.22 *Composition and appointment.* For each board of appeal area, a board of appeal, normally of five members, shall be appointed by the President, upon recommendation of the Governor.

¹ 7 F.R. 5900, 10088.

² 7 F.R. 4255, 10099.

The members shall be male citizens of the United States who are not members of the land or naval forces; they shall be residents of the area for which their board is appointed; and they should be at least 38 years old. The board of appeal should be a composite board, representative of all activities of its district, and as such should include one member from labor, one member from industry, one physician, one lawyer, and, where applicable, one member from agriculture. If the number of appeals sent to one board becomes too great for the board to handle without undue delay, additional groups of five members similarly constituted shall be appointed to the board by the President, upon recommendation of the Governor. Each such group shall have full authority to act for the board on all cases assigned to it by the board. Each group shall act separately. An additional member, who shall supervise and coordinate the work of all the groups of a board of appeal, shall be appointed by the President, upon recommendation of the Governor.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-301]

B. SIMON HARDWARE CO.

B. Simon Hardware Company is a corporation engaged in the general hardware business, with its principal place of business located at Oakland, California.

From March 31, 1942 to October 15, 1942, the B. Simon Hardware Company applied or extended A-10 preference ratings, under Preference Rating Order P-100, for the purpose of obtaining deliveries of scarce material having a value of at least \$144,232.06 in excess of the amounts for which preference ratings had been extended to it. These extensions were made with knowledge of the provisions of Preference Rating Order P-100 and constituted violations of said order.

From September 10, 1942 to September 25, 1942, B. Simon Hardware Company extended or applied AA-2 preference ratings to its suppliers on purchase orders for approximately 26,772 hand tools and precision instruments. At the time these ratings were extended, the company had not delivered nor was it required to deliver any of the aforesaid

materials pursuant to purchase orders bearing preference ratings of AA-2. The extension of such ratings therefore constituted violations of Priorities Regulation No. 3 with the terms of which the company was familiar.

During the period in which these violations occurred, there existed and still exists a shortage in the supply of hand tools and precision instruments for defense, for private account and for export. The illegal extension or application of the preference ratings specified above has impeded the operation and the impartial administration of the controls established by the War Production Board over the distribution of these materials. It is therefore found necessary to deny further allocations of these materials to the B. Simon Hardware Company for a period of four months and to impose stringent controls over the disposition of such materials now in the hands of this company in order to ensure a proper and legal distribution thereof in the interest of the war effort. In view of the foregoing, *It is hereby ordered, That:*

§ 1010.301 *Suspension Order S-301.*

(a) B. Simon Hardware Company, its successors and assigns shall not order, receive or accept delivery of wood-working hand service tools, metal-working hand service tools, precision tools, cutting tools for metal, electric tools and mechanics tool boxes and tool cases.

(b) B. Simon Hardware Company, its successors and assigns shall not sell, deliver or otherwise dispose of wood-working hand service tools, metal-working hand service tools, precision tools, cutting tools for metal, electric tools and mechanics tool boxes and tool cases, except as specifically authorized by the Regional Director of the San Francisco Regional Office of the War Production Board. The Regional Director of the San Francisco Regional Office of the War Production Board is hereby delegated authority to authorize the sale and delivery of such hand tools and precision instruments, as B. Simon Hardware Company now has on hand, in such manner and upon such conditions and to such extent as he shall deem necessary or appropriate in the public interest and to promote the national defense.

(c) This order shall take effect on May 28, 1943, and shall expire on September 28, 1943, at which time the restrictions contained in this order shall be of no further effect.

Issued this 26th day of May 1943.

[Limitation Order L-1-e as Amended May 26,
1943]

Section 976.15 *Limitation Order L-1-e* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States having

created a shortage in the supply of rubber, steel and other materials for defense, for private account and for export, the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 976.15 *Limitation Order L-1-e—(a) Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Medium truck" means a complete motor truck or truck-tractor with a gross vehicle weight rating of 9,000 pounds or over, but less than 16,000 pounds, as authorized by the manufacturer thereof, or the chassis therefor.

(2) "Heavy truck" means a complete motor truck or truck-tractor with a gross vehicle weight rating of 16,000 pounds or more, as authorized by the manufacturer thereof, or the chassis therefor.

(3) "Off-the-highway motor vehicle" means a motor truck, truck-tractor or trailer, operating off the public highway, normally on rubber tires and specially designed to transport materials, property or equipment on mining, construction, logging or petroleum development projects.

(4) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the manufacture of medium or heavy motor trucks or off-the-highway motor vehicles.

(c) *Prohibition of production of trucks and off-the-highway motor vehicles except when specifically authorized.* No producer shall manufacture any medium or heavy truck or off-the-highway motor vehicle except when specifically authorized by the War Production Board. Such authorization will specify the quantities and types of the vehicles and the periods of time within which production must be made.

(d) *Protection of production schedules.* Producers of medium or heavy trucks or off-the-highway vehicles under the terms of this order may, notwithstanding the provisions of Priorities Regulation No. 1 (Part 944), schedule their production of such vehicles as if the orders therefor bore a rating of AA-2X.

(e) *Exceptions to applicability of this order.* The terms and restrictions of this order shall not apply to any medium or heavy trucks or off-the-highway motor vehicles sold to or produced under contracts or orders for delivery to or for the account of:

(1) The Army or Navy of the United States or the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development;

(2) The government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its Dominions, Crown Colonies and Protectorates, and Yugoslavia;

(3) Any agency of the United States Government, for delivery to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(f) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control and may be deprived of priorities assistance by the War Production Board.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to War Production Board, Automotive Division, Washington, D. C., Reference L-1-e.

Issued this 26th day of May 1943.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[Interpretation 7 to CMP Regulation 5]

MANUFACTURE AND DISTRIBUTION OF FOOD PRODUCTS

The following official interpretation is hereby issued with respect to § 3175.5 of CMP Regulation No. 5:

(a) "Industrial food manufacturing, processing, packaging, preservation and storage" is included in Schedule I of CMP Regulation No. 5 and persons engaged in such occupation are entitled to use a rating of AA-1 and the MRO symbol in purchasing maintenance, repair and operating supplies needed in connection with the conduct of their business.

(b) Distribution of food products, as distinct from their production, does not constitute industrial food manufacturing or processing under Schedule I and is not included elsewhere in Schedule I or II of the regulation. Persons engaged in selling food

products which they do not produce are only entitled to use the AA-5 rating to obtain maintenance, repair and operating supplies for their business.

(c) In those cases where a person is engaged in both producing and distributing food products he may, under paragraph (e) of the regulation, obtain his entire maintenance, repair and operating supply requirements at the rating assigned to the principal activity in which he is engaged where, and only where, it is impracticable to apportion requirements to his several activities.

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

2. A new section 1.4 is added to read as follows:

Sec. 1.4 *Persons who registered farms as institutional users.* (a) A person who is not an institutional user with respect to his establishment under section 1.1 (a) as amended, but who registered as such (for example, because he fed his farm employees in a bunkhouse rather than in his household) may not apply for or obtain allotments for that establishment on or after June 15, 1943. His registration of the establishment shall be cancelled at the end of the second allotment period, and he shall then be deemed to be closing that "establishment", for the purposes of this order.

§ 1305.65 *Servicemen on leave or furlough or who eat occasionally at certain places may get certificates or other ration evidences to acquire rationed foods—(a) Eligibility.* Any of the following persons may obtain certificates or other ration evidences to acquire rationed foods, if they have neither a War Ration Book I nor a War Ration Book II and are not entitled to have them:

(1) Any member of the Army, Navy, Marine Corps or Coast Guard of the United States, (including overseas personnel assigned to temporary duty in the United States) or a member of the armed services of the Allied Nations, who is on leave or furlough for a consecutive period of 72 hours, if he will eat at least one meal during the time he is on leave or furlough at any place where rationed foods are acquired by using the stamps or certificates of the people eating there;

(2) Any member of the Army, Navy, Marine Corps or Coast Guard of the United States (including overseas personnel assigned to temporary duty in the United States) who, (although receiving subsistence in kind or messes under an officer's command, and not on leave or furlough) will eat at least nine meals a month at any place where rationed foods are acquired by using the stamps or certificates of the people eating there;

(4) The number of meals he intends to eat during this period at the address stated in the application.

The application must be presented to the Board for the area where the person named in the application lives.

The certificates or other ration evidences shall be for 8 points of processed foods, 8 points of foods covered by Ration Order 16, $\frac{1}{4}$ lb. of roasted coffee and $\frac{1}{4}$ lb. of sugar, for each nine meals (or fraction thereof) which he will eat at such place during the period of time stated on the application. If the application is so presented and the Board finds:

(i) That the applicant has neither a War Ration Book I nor a War Ration Book II and is not entitled to have one; and

(ii) That the applicant was on furlough for a consecutive period of at least 72 hours and ate at least one meal during that time served by the person named in the application; or that (although not on leave or furlough) he ate at least nine meals during the month covered by the application, which were served by the person submitting it,

the certificates or other ration evidences authorized by the Office of Price Administration, in the amount prescribed by paragraph (c), shall be issued to the person named in the application. The amounts for which the certificates or other ration evidences are to be issued shall be computed on the basis of the number of meals served by that person to the applicant (not to exceed the number specified in the application). Submission of the application by that person, or on his behalf, constitutes a representation that he served to the applicant the number of meals specified in it; if he actually served fewer, he must so notify the Board when the application is submitted.

5. Section 1364.455 (a) (13) and (a) (15) are hereby revoked, and § 1364.455 (a) (14), (16), (17) and (18) are redesignated (a) (13), (14), (15) and (16) respectively.

6. Section 1364.455 (b) is redesignated § 1364.455 (c).

7. Section 1364.455 (b) is added to read as follows:

(b) When used in this Revised Maximum Price Regulation No. 169 and when applicable to sales of fabricated beef cuts to purveyors of meals the term:

(1) "Hotel supply house" means a separate selling establishment which is not physically attached to a packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment; which is engaged in the fabrication of meat cuts and in the sale of fabricated meat cuts, variety meats and edible by-products to purveyors of meals; and which during the period September 15 through December 15, 1942 sold to purveyors of meals, other

than war procurement agencies, 70 percent of the total weight volume of meat, variety meats, or edible by-products sold by it.

(2) "Purveyor of meals" means:

(i) any restaurant, hotel, cafe, cafeteria or establishment which purchases meats and where meals, food portions or refreshments are served for a consideration.

(ii) The Army, Navy, Marine Corps, Coast Guard, War Shipping Administration, or any agency of the United States.

(iii) Any person operating an ocean going vessel engaged in the transportation of cargo or passengers in foreign, coastwise or intercoastal trade, to the extent that meat is delivered to him as ship's stores for consumption aboard such vessel.

(iv) Any hospital, asylum, orphanage, prison or other similar institution, which is operated by any federal, state, or local government or agency thereof.

(3) "Fabricated beef cut" means and is limited to mean any of the following cuts made for a purveyor of meals, meeting the following minimum specifications, and derived from specified beef wholesale cuts as provided for in paragraphs 8 and 9 of § 1364.455, excluding any item not included herein. All cuts shall be made according to the specifications provided herein.

(i) *Round (rump and shank off)*. Round (rump and shank off), means that part of a round remaining after the shank and rough rump have been removed.

The shank shall be removed by a cut starting at the bottom end of the gambrel-cord, following the natural muscle seam to the stifle (knee) joint, passing through the bones of the joint severing the shank from the round. The rough rump shall be removed by a straight cut starting at a point on the outside or skin surface of the round, so as to meet the top part of the aitch bone, then following the curvature of the aitch bone to the protuberance of the femur bone (round bone) leaving no part of the aitch bone in the round. The rump shall then be separated from the round by sawing through the ball of the femur bone (round bone). All cod or udder fat shall be removed from the round, rump and shank off.

(ii) *Boneless rump (butt)*. The boneless rump means that part of the rough rump remaining after all of the bones (including the tail bones) have been removed.

Ragged pieces of meat and fat in excess of one inch on the top or outside skin surface shall be removed.

(iii) *Hind shank*. Hind shank means the hind shank of the beef with lean meat attached. It shall be removed from the round as described in (3) (i).

(iv) *Boneless round*. Boneless round means that part of the round remaining after all bones (including tail bones) and shank have been removed. The shank shall be removed as described in (3) (1). The ragged pieces of meat, all cod or udder fat, and other fat in excess of one inch shall be removed.

(v) *Inside (top round), outside (bottom round) and knuckle (face)*. Inside (top round), outside (bottom round) and knuckle (face) means the three natural muscle pieces into which the round is separated after the rough rump, shank, and femur bone (round bone) have been removed. The shank and rough rump shall be removed as described in (3) (i). The knuckle shall be separated by cutting through the natural muscle seams between the knuckle and outside muscles on the one side, and the knuckle and the inside muscles on the other side leaving one and one-half inches of the wedge-shaped pieces of meat from the overlapping inside muscle attached to the knuckle. The patella or (knee cap bone) and all cartilage or connecting tissue shall be removed.

The inside and outside pieces shall be separated by a cut starting at the termination of the gambrel cord separating the shank end portion equally between the inside and outside, and continuing the cut in a straight line to a point on the rump end which is just barely on the outside edge of the large muscle seam that is visible at this end.

The gland which lies in the center between the inside and outside muscles shall be cut through so as to leave a portion of this gland in both muscles.

The cod or udder fat and all other fat in excess of one inch shall be removed.

(vi) *Gooseneck boneless round*. Gooseneck boneless round means the outside muscle and boneless rump attached. It shall be made by separating the outside muscle with boneless rump attached, from the knuckle and inside muscles by the method as described in (3) (v). All fat in excess of one inch on the top of outside skin surface of the rump shall be removed.

(vii) *Strip Loin (bone in)*. The strip loin means that part of the full loin, after the full tenderloin, sirloin, protruding edge of the chine bone, and the flank edge of the short loin have been removed, or that part remaining of a short loin after the short tenderloin, protruding edge of chine bone and the flank edge of the short loin have been removed. The strip loin shall be cut from the stripped full loin in a straight line perpendicular to the outside or skin surface of the loin from a point which is the juncture of the 5th and 6th lumbar vertebrae and continuing in the same straight line through a point flush against the end of the hip (pin) bone, but leaving no part of the hip (pin) bone in the strip loin.

The protruding edge of the chine bone shall be removed by sawing through the lower extremity of the spinal cord groove when the loin is lying with the flesh side down. The flank edge of the strip loin shall be cut off in a straight line from the sawed end of the 13th rib, which is 10 inches from the center of the protruding edge of the 13th thoracic vertebrae and continuing in a straight line the full length of the strip loin parallel to the chine bone and perpendicular to the outside skin surface of

the strip loin. Rough fat on the inside of the strip loin shall be trimmed smooth and all fat in excess of one inch on the outside skin surface shall be removed.

(viii) *Boneless strip*. Boneless strip means that part of a strip loin remaining after all bones have been removed. All fat in excess of one inch on the outside skin surface shall be removed.

(ix) *Trimmed full beef tenderloin*. Full beef tenderloin means the tenderloin muscle with the attached side strip muscle lying inside of the full loin. The tenderloin shall be removed from the full loin by cutting along the inside of the chine bone following the conformation of this bone from the tip of the loin or at the point where the 13th rib joins the 13th thoracic vertebra to the end of the chine bone or at a point adjacent to the 5th sacral vertebra and by a cut at the butt end of the tenderloin which shall be made along the hip bone following the natural seam (or blue seam) in the sirloin end of the loin. Full beef tenderloin shall be devoid of any head muscle and all the excess fat shall be removed from the back of the tenderloin so as to expose the gland which lies about 6 inches forward from the butt end of the tenderloin. All the fat lying beyond the exposed gland shall be tapered down to a point that in no case shall extend beyond three-quarters of the length of the entire tenderloin.

(x) *Trimmed sirloin tenderloin (butt tenderloin)*. Trimmed sirloin tenderloin means that portion of the tenderloin muscle removed from the sirloin. It shall be devoid of any head muscle and all excess fat shall be removed from the back of the sirloin tenderloin so as to expose the gland as described in (3) (ix).

(xi) *Trimmed tip tenderloin (short tenderloin)*. Trimmed tip tenderloin means that portion of the tenderloin muscle removed from a short loin. The fat on the back of the tenderloin shall be tapered down as described in (3) (ix) and at no point shall exceed ½-inch. All fat from the lower half shall be entirely removed.

(xii) *Boneless sirloin (butt)*. Boneless sirloin means that part of a sirloin after all the bone and the sirloin tenderloin have been removed. All flank meat and the fat from the flank side of the boneless sirloin shall be removed. All fat in excess of one inch on the outside skin surface shall be removed.

(xiii) *Top sirloin (butt)*. Top sirloin means that part of the boneless sirloin, which is the top lean muscle that covered the hip bone (ilium) from the chine bone side of the sirloin to the natural muscle seam (or blue seam) which separates the bottom lean muscle from the top lean muscle.

The top sirloin shall be separated from the bottom sirloin by cutting through the natural muscle seam (or blue tissue) and continuing through the meat with the knife held at a 45 degree angle to the cutting surface of the block. All fat in excess of one inch on the outside skin surface shall be removed.

(xiv) *Bottom sirloin (butt)*. Bottom sirloin means that part of the boneless sirloin remaining after the removal of the top sirloin. All flank meat and the fat from the flank side of the bottom sirloin shall be removed. All fat in excess of one inch on the outside skin surface shall be removed.

(xv) *Boneless chuck*. Boneless chuck means that part of the chuck remaining after all bones and the back strap have been removed. Boneless chuck shall be made only from regular chucks (square cut).

No trimming of boneless chuck is required and the intercostal meat may be left attached.

(xvi) *Boneless chuck (shoulder clod out)*. Boneless chuck, shoulder clod out, shall be the same as the boneless chuck described in (xv) except that the shoulder clod shall be removed.

(xvii) *Shoulder clod*. Shoulder clod means the thick meaty portion of the regular chuck lying above the blade and rib bones.

It shall be separated from the chuck by a first cut starting at the knuckle joint and continuing in the same line along the ridge of the blade bone through to the chine bone, and by a second cut starting from the extreme corner of the brisket end of the 5th rib following the first natural muscle seam above the rib bones to a point about midway between the knuckle bone and the end of the 5th rib, then upward to the second natural muscle seam above the rib bones and following this natural muscle seam to the knuckle end of the clod. Pull knuckle end of clod upward, separating in the natural muscle seam at the blade bone, then cut along edge of blade bone to enable clod to be pulled loose from the chuck.

(xviii) *Boneless brisket (deckle on)*. Boneless brisket means that part of the brisket remaining after all the bones, and intercostal meat have been removed. The fat along the sternum edge of the brisket shall not exceed $\frac{1}{2}$ inch, and all tough fat and ragged pieces of meat from both the bone and skin side of boneless brisket shall be removed. The web muscle (full lip) shall be left attached with the thin tissue edge trimmed to expose the narrow portion of lean meat.

(xix) *Boneless brisket (deckle off)*. Boneless brisket deckle off means boneless brisket as described in (xviii) with the deckle removed. Deckle means the thin top layer of fat, tissue and meat lying on the breast bone (sternum) side of the brisket and shall be entirely removed.

(xx) *Oven-prepared rib*. Oven-prepared rib means that part of the regular seven-bone rib remaining after the chine bone and short ribs have been removed.

The chine bone, or bodies of the thoracic vertebrae, shall be entirely removed by cutting to the point at which they join the feather bones, exposing the lean

meat, but leaving the feather bones attached to the rib cut. The short ribs shall be removed by cutting in a straight line perpendicular to the outside skin surface of the rib from a point measured 8 inches along the 12th rib from the protruding edge of the 12th thoracic vertebrae to a point measured eight inches along the 6th rib from the protruding edge of the 6th thoracic vertebrae (chine bone). All the blade bone, including the cartilage shall be removed.

(xxi) *Rib short ribs, plate short ribs*. Rib short ribs means that portion of the rib cut off in fabricating oven-prepared ribs, as described in (3) (xx) and shall include the rib sections of seven ribs.

Plate short ribs means strip pieces cut from the short plate up to and not beyond the point where the ribs join the costal cartilages, (rib cartilages).

(xxii) *Rib, boned, rolled and tied*. Rib, boned, rolled and tied means that part of the regular 7-rib cut remaining after all bones, including the blade bone and cartilage, have been removed. The intercostal meat shall be removed.

Rib, boned, rolled and tied shall be rolled into a cylindrical shape and tied with at least five loops of string. Ragged pieces on the ends shall be trimmed off.

(xxiii) *Spencer roll*. Spencer roll means that part of the regular 7-rib cut remaining after the short ribs, all bones, and the blade bone with the meat attached have been removed.

The short ribs shall be cut off as described in (3) (xx), the intercostal meat shall not be included and no further trimming is required.

Spencer rolls shall be made only from B (commercial) and C (utility) grades of beef.

(xxiv) *Regular roll (rib eye)*. Regular roll (rib eye) means the rib eye muscles only with no fat or bones included. No further trimming is required. Regular rolls (rib eye) shall be made only from B (commercial) and C (utility) grades of beef.

(xxv) *Boneless short plate*. Boneless short plate means that part of the short plate remaining after the skirt and all bones have been removed. The feel shall be stripped from the flank side of the plate. All fat exceeding $\frac{1}{2}$ inch shall be removed.

(xxvi) *Cube steak*. Cube steaks means any lean muscle meat cut into steaks not less than 4 inches in width and tenderized by numerous cuts penetrating the steak. Cube steaks can be made either by hand or by machine.

(xxvii) *Flank steak (scored)*. Flank steak shall be scored or cut diagonally in about $\frac{3}{4}$ inch cross cuts on both sides of the steak.

(xxviii) *Club steaks (bone in)*. Club steaks means steaks cut from that portion of a short loin or strip loin extending from a point opposite the juncture of the first and second lumbar vertebrae to the forward (anterior) end of the short or strip loin.

The cutting of steaks and the trimming of the flank shall be made as described in (3) (xxx).

No further trimming of the flank or removal of chine bone shall be required on club steaks made from strip loins.

The chine bone on club steaks made from short loins shall be removed by chopping or sawing through the inner extremity of the spinal cord groove.

Only complete club steaks shall be made and all fat in excess of one inch on outside skin surface shall be removed.

(xxix) *Boneless strip steak*. Boneless strip steaks means steaks cut from boneless strip loins trimmed as described in (3) (viii). Only complete steaks shall be made.

(xxx) *Porterhouse steaks (bone in)*. Porterhouse steak means steak cut from that portion of a short loin extending from a point opposite the center of the fourth lumbar vertebra to the end of the short loin at the point of severance from the sirloin.

The flank shall be removed at a point measured four inches downward from the lower end of the eye muscle. All fat in excess of one inch on the inside or outside skin surface shall be removed.

(xxxi) *T-bone steaks (bone in)*. T-bone steak means steak cut from that portion of a short loin extending from a point opposite the center of the fourth lumbar vertebrae to a point opposite the juncture of the first and second lumbar vertebrae. T-bone steaks shall be trimmed as described in (3) (xxx).

(xxxii) *Boneless sirloin steaks*. Boneless sirloin steaks means steaks cut from a boneless sirloin and trimmed as described in (3) (xiii). Only complete steaks shall be made.

(xxxiii) *Top sirloin steaks*. Top sirloin steaks means steaks cut from the top sirloin and trimmed as described in (3) (iv). Only complete steaks shall be made.

10. Section 1364.470 (a) (13) and (a) (15) are hereby revoked. § 1364.470 (a) (14), (16) and (17) are redesignated (a) (13), (14) and (15) respectively.

11. Section 1364.470 (b) is redesignated § 1364.470 (c).

12. Section 1364.470 (b) is added to read as follows:

(b) When used in this Revised Maximum Price Regulation No. 169 and when

applicable to sales of fabricated veal cuts to purveyors of meals, the term: (1) "Hotel supply house" means a separate selling establishment which is not physically attached to a packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment; which is engaged in the fabrication of meat cuts and in the sale of fabricated meat cuts, variety meats and edible by-products to purveyors of meals; and

which during the period of September 15 through December 15, 1942 sold to purveyors of meals, other than war procurement agencies, 70 percent of the total weight volume of meat, variety meats, or edible by-products sold by it.

(2) Purveyor of meals means (i) any restaurant, hotel, cafe, cafeteria or establishment which purchases meats and where meals, food portions or refreshments are served for a consideration.

(ii) The Army, Navy, Marine Corps, Coast Guard, War Shipping Administration, or any agency of the United States.

(iii) Any person operating an ocean going vessel engaged in the transportation of cargo or passengers in foreign, coastwise or intercoastal trade, to the extent that meat is delivered to him as ship's stores for consumption aboard such vessel.

(iv) Any hospital, asylum, orphanage, prison or other similar institution, which is operated by any federal, state or local government or agency thereof.

(3) "Fabricated veal cut" means and is limited to mean any of the following cuts made for a purveyor of meals, meeting the following minimum specifications, and derived from specified veal wholesale cuts as provided for in paragraphs (8) and (9) of § 1364.470, excluding any item not included herein. All cuts shall be made according to the specifications provided herein.

(i) "Veal leg, oven prepared," means the single veal leg with all bones except the leg bone (femur) removed. Leg bone means the bone between the stifle joint and the rump bone.

(ii) "Veal leg, boned, rolled and tied," means the single veal leg separated from the loin, from which all bone and the gambrel cord (Achilles tendon) have been removed. The shank muscle is either cut off and placed lengthwise in the pocket left by the aitch and leg bones or folded back and the meat is then rolled into a cylindrical shape and tied with cotton twine. The loops shall be individually tied and spaced not more than 2½ inches apart throughout the length of the roll.

(iii) "Veal loin, flank off, kidney and suet out," means the loin with the flank kidney and suet removed. The flank shall be removed by cutting in a straight line parallel with the chine bone and measuring not over six inches from the inside protruding edge of the chine bone on either end. The kidneys and surrounding fat shall be removed and the fat on the inside of the loin shall be trimmed smooth, and evidence of trimming by a knife shall be apparent.

(iv) "Veal loin steaks" (T-bone, porterhouse and club steaks) mean steaks cut from the veal loin. The kidneys, kidney fat and the 13th rib shall be removed and the fat on the inside of the loin shall be trimmed smooth and evidence of trimming by a knife shall be apparent. The flank shall be removed by cutting in a straight line parallel with the chine bone and not over six inches from the inside protruding edge

of the chine bone. The steaks are made by cuts perpendicular to the outer or skin surface and at right angles to the chine bone. The steaks may be of any desired size, provided that the loin is cut into at least four whole individual steaks, and shall include T-bone, porterhouse and club steaks.

(v) "Veal hotel rack, chine removed, blade bone out", means the single veal hotel rack from which the chine bone and shoulder blade have been removed. The single "veal hotel rack" means the single rib section from the 6th to the 12th ribs, inclusive, severed from the forequarter by a cut starting at a point of the 12th rib not more than six inches from the inside protruding edge of the chine bone, cutting in a straight line to a point on the 6th rib which is not more than four and one-half inches from the inside protruding edge of the chine bone, and then cutting between the 5th and 6th ribs, following the curvature of the ribs close to the 5th rib. The veal hotel rack, chine removed, blade bone out, shall be made by removing the chine bone (backbone), including the feather bones by cutting along the line where the ribs join the backbone and by removing the shoulder blade bone, including the shoulder blade cartilage.

(vi) "Veal rack or rib chops" means chops cut from the single veal hotel rack which has been severed from the forequarter and from which the inside protruding edge of the backbone shall be removed by sawing lengthwise of the rack through the inner extremity of the spinal cord groove. The rack shall be cut between the ribs into sections which may be of any desired size, but not less than four chops.

(vii) "Veal shoulder, boned, rolled and tied," means the 5-rib shoulder, cut as described in this paragraph, which has been boned, rolled and tied in a cylindrical shape. The 5-rib shoulder is made from the veal forequarter after the hotel rack has been removed, as described in subdivision (v) of this section by cutting in a straight line starting at a point on the 5th rib not more than 4½ inches from the protruding edge of the chine bone on the inside, and cutting through a point at the end of the breast bone, including the cartilage (forward end of the first segment of the sternum). This cut will separate the shoulder from the brisket, breast and shank. When the shoulder has been separated from the brisket and breast, the only bone to show on the side of the shoulder other than the ribs is the arm bone. All bones are removed from the 5-rib shoulder and the meat is rolled into a cylindrical shape and tied with cotton twine to make the veal shoulder, boned, rolled and tied. The loops shall be individually tied and spaced not more than 2½ inches apart throughout the length of the roll. Ragged portions shall be trimmed from the roll.

(viii) "Boneless veal shoulder stew" means the 5-rib shoulder severed from the forequarter as described in subdivision (vii) of this section from which all bone has been removed and which has been cut into small cubes of meat, none of which shall be larger than two inches

in size or contain more than one-fourth inch of fat.

(ix) "Boneless veal shank meat" means boneless meat from the shank of the veal forequarter. The shank is obtained by separation from the brisket by a cut following the natural seam and leaving the entire lip or web muscle on the brisket.

(x) "Veal breast with pocket" means the veal breast and brisket remaining after removal of the hotel rack and 5-rib shoulder from the veal forequarter, as described in subdivision (v) and (vii) of this section with the shank removed as described in subdivision (ix) of this section and with a slit or pocket made between the outer or meaty portion and the inner bony or intercostal portion, starting at the 12th rib end and extending to not more than one inch from both side edges and the brisket end of the cut.

(xi) "Veal breast, regular stew, bone in," means small cubes of meat, none of which is larger than two cubic inches in size, derived from the breast, including the brisket from which the shank has been removed.

This Amendment No. 12 shall become effective June 1, 1943.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 16, Amdt. 29]

ALLOTMENT OF FATS OR OILS FOR BAKERY GOODS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 16 is amended by adding a new section 7.12 to read as follows:

Sec. 7.12 *Increase in allotment of rationed fats or oils to make bakery goods*—(a) *How to apply.* An industrial user may apply for an increase in his allotment, for the allotment periods from April 1, 1943, through June 30, 1943, and July 1, 1943, through September 30, 1943, to make bakery goods. The application shall be made on OPA Form R-315 to the board with which he is registered. It shall be made at the same time that he applies for his regular allotment for the allotment period from July 1, 1943, through September 30, 1943. The industrial user must state the following information in the application, given separately for each allotment period. He must:

(1) State the number of pounds of each item of rationed fats or oils which he used at his industrial user establishments, in the corresponding quarter of 1942, to make bakery goods;

(2) Multiply the number of pounds of each item of rationed fats or oils so used, by a factor which the Office of Price Administration will fix for that item in a supplement to this order;

(3) Add the resulting numbers.

(b) *Action on application.* The board shall grant the application if it complies with the requirements of paragraph (a). The increase in allotment granted to the industrial user for bakery goods, for an allotment period, shall not exceed the sum of the figures obtained when the number of pounds of each item of rationed fats or oils, which he used at his industrial user establishments, in the corresponding quarter of 1942, to make bakery goods, is multiplied by the factor fixed for that item. (Section 7.6 (d) applies in determining whether an industrial user who receives an increase in allotment is entitled to a certificate, and in determining the amount of the certificate.)

(c) *Restrictions on use of regular allotment and increase in it.* The increase in allotment provided by this section ap-

plies to the use of rationed fats or oils only. If an industrial user gets such an increase, he must use it only for the purpose of making bakery goods. Moreover, he must, out of his regular allotment for each allotment period, use an amount at least equal to $2\frac{1}{2}$ times the increase for that period, only for the purpose of making bakery goods. (This part of his regular allotment is in proportion to his use of rationed fats or oils, in the corresponding quarter of 1942, to make bakery goods.)

(d) *Effect of application after July 5, 1943.* The amount of the increase in allotment which may be granted under this section remains the same if application is made (along with application for the regular allotment for the period from July 1, 1943, through September 30, 1943) before October 1, 1943. An industrial user who fails to register before October 1, 1943 may, however, apply for and get the increase on or after October 1, 1943, only if the board permits him to do so pursuant to Section 7.7.

(e) *Records.* An industrial user who gets an increase pursuant to this section must keep a record of the amount of rationed fats or oils he uses during each allotment period (starting with the period from April 1, 1943, through June 30, 1943), for the purpose of making bakery goods.

(f) *Bakery goods defined.* When used in this section:

(1) "Bakery goods" means bread, such as white, rye, raisin, wholewheat; white rolls and buns of the semi-bread dough type, such as soft, hamburger, hot-dog, Parkerhouse; hard rolls, such as Vienna, Kaiser; sweet rolls and sweet buns, such as cinnamon, butterfly; cakes; pies; cookies; doughnuts; biscuits; ice cream cones; crackers; pretzels; and similar goods commonly known as bakery products. Bakery goods also includes baking mixes.

(2) "Baking mixes" means any mix prepared for baking use, if the mix includes wheat flour or other edible farinaceous substance, salt, and leavening, and contains rationed fats or oils in an amount not exceeding twelve per cent of the total weight of the mix. (Baking mixes may or may not include other ingredients.)

This amendment shall become effective June 1, 1943.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1932.

PART 501—CONSERVATION OF MOTOR EQUIPMENT

REDUCTION OF MILEAGE—CARRIERS OF PASSENGERS

Pursuant to Executive Orders 8989, 9156, and 9294, in order to conserve and providently utilize vital transportation services, facilities, and equipment; and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered, That:*

AUTHORITY: §§ 501.360 to 501.367, inclusive, issued under E.O. 8989, 9156, 9294; 6 F.R. 6725, 7 F.R. 3349, 8 F.R. 221.

§ 501.360 *General outline of order* This order provides that no person transporting passengers by motor vehicle for which a certificate of war necessity issued by the Office of Defense Transportation is outstanding shall operate within the area in which the order is applicable in any calendar week a greater number of motor vehicle miles than eighty (80) per cent of the total motor vehicle miles operated in the area by such person during the week ending May 22, 1943. It also requires those persons who submitted plans for emergency curtailment to the Office of Defense Transportation in response to a communication from the Director of the Office of Defense Transportation dated January 25, 1943, to comply with the order by placing in effect the plan submitted and designated plan No. 2.

The purpose of the order is to assure the continuity of service by carriers of passengers until July 25, 1943, the date to which the current allotment of motor

fuel has been extended. If the current allotment of motor fuel is to be sufficient to permit carriers to continue operations until July 25, 1943, curtailments in service in addition to those required by this order must be made voluntarily by the carriers themselves or by further orders of the Office of Defense Transportation.

It is recognized that there may be occasions when the rigid requirements of the order will interfere with production at war plants, activities of military installations, and other activities which are essential to the prosecution of the war. Section 501.363 of the order provides for the issuance of special and general permits to meet such situations as they arise.

The order is applicable within a limited area only. This area is described in § 501.366. It is the area in which there is a shortage of motor fuel at the present time.

§ 501.361 *Reduction in mileage.* No person shall, during any calendar week, operate in the area in which this order is applicable a greater number of motor vehicle miles than eighty (80) per cent of the total motor vehicle miles operated by such person in such area during the week ending May 22, 1943.

§ 501.362 *Emergency curtailment plans to be placed in effect.* Each person who submitted plans for emergency curtailment to the Office of Defense Transportation in response to the communication from the Director of the Office of Defense Transportation dated January 25, 1943, shall comply with this order by placing into effect the plan submitted by each such person and designated as plan No. 2.

§ 501.363 *Special and general permits.* The provisions of this order shall be subject to any special or general permit issued by the Office of Defense Transportation to meet specific needs or exceptional circumstances.

§ 501.364 *Exemptions.* The provisions of this order shall not apply to the operation of a motor vehicle (a) when engaged in ambulance service, or (b) by school authorities or pursuant to a contract with school authorities for the purpose of transporting students, teachers, and school employees to and from school.

§ 501.365 *Definitions.* As used in this order (§§ 501.360 to 501.367), or in any order, direction or permit issued hereunder, the term:

(a) "Person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative, and includes any department or agency of the United States, any State, the District of Columbia, or any other political, governmental or legal entity;

(b) "Motor vehicle" means any rubber-tired vehicle propelled or drawn by mechanical power and used upon the streets or highways for the transportation of passengers and with respect to which a certificate of war necessity is issued by the Office of Defense Transportation is outstanding;

(c) "Motor vehicle miles" includes all miles of actual motor vehicle operation, whether in passenger service or otherwise.

§ 501.366 *Applicability.* The provisions of this order shall be applicable within the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania (except the portions which lie within the corporate limits of the cities of Sharon, Sharpville, Farrel, and Wheatland), Rhode Island, Vermont, Virginia (except the portions which lie within the corporate limits of the cities of Bristol and Bluefield), the District of Columbia, and the portion of West Virginia which lies within and east of the counties of Mineral, Grant and Pendleton.

§ 501.367 *Communications.* Communications concerning this order should be addressed to the Division of Local Transport, Office of Defense Transportation, Washington, D. C., Boston, Massachusetts, or New York, New York, and should refer to "General Order ODT 39".

This General Order ODT 39 shall become effective May 27, 1943.

DEFENSE SUPPLIES CORPORATION.

TRANSPORTATION OF LIGHT PETROLEUM PRODUCTS

CONSTRUCTION OF PIPELINE SYSTEM

MAY 14, 1943.

In connection with the program of effecting the transportation of light petroleum products from the Gulf Coast area to the Eastern Seaboard to relieve a shortage which is impeding the war effort in vital industrial areas, the Office of the Petroleum Administrator for War (formerly the Office of The Petroleum Coordinator for War) recommended, as essential to the prosecution of the war and in the interest of national defense, the construction by Defense Plant Corporation, of a pipeline system for the transportation and distribution of light petroleum products originating at a point at or near Carrabelle on the West Coast of Florida and extending in a northeasterly direction through the State of Florida and extending in a northeasterly direction through the State of Florida to a point at or near Jacksonville on the East Coast.

It is expected that the petroleum products transported through such pipeline system will be loaded onto barges, tank cars and trucks and tankers at Jacksonville for transportation to points along the Eastern Seaboard, including the Charleston, South Carolina, area.

Pursuant to the recommendation of the Office of the Petroleum Administrator for War, pipeline facilities across Northern Florida have been substantially constructed by Trans-Florida Pipe Line Company as agent of Defense Plant Corporation under an agreement which provided for the construction of such facilities and also for the subsequent management and operation thereof.

It now has been proposed by the Office of the Petroleum Administrator for War that Defense Plant Corporation terminate its above-mentioned agreement with Trans-Florida Pipe Line Company

and enter into an agreement with Southeastern Pipe Line Company, Atlanta, Georgia, for the completion of the construction of such pipe line facilities and for the operation and maintenance thereof. The construction agreement to be entered into will be with a new company to be formed by Southeastern Pipe Line Company and such agreement will be substantially in the form of Exhibit A attached hereto.*

Southeastern Pipe Line Company is a Delaware Corporation, the capital stock of which is owned by Gulf Refining Company and Pure Oil Company, and at the present time owns and is engaged in the operation of a pipe line system extending from the West Coast of Florida to Tennessee for the transportation of petroleum products owned principally by Gulf Refining Company and Pure Oil Company. We have been advised that some of the petroleum products of Gulf Refining Company and Pure Oil Company transported to Tennessee through the facilities owned and operated by Southeastern Pipe Line Company are diverted through a pipeline system owned by Plantation Pipe Line Company and ultimately reach the Charleston, South Carolina area.

In connection with the operation of the aforesaid pipe line facilities owned by Defense Plant Corporation, it is proposed that the same will be leased to Defense Supplies Corporation and that Defense Supplies Corporation will enter into an agency agreement substantially in the form attached hereto marked Exhibit B¹ with a corporation to be formed by Southeastern Pipe Line Company, which will provide for the management, operation and maintenance of Defense Supplies Corporation's pipe line facilities by such new corporation as agent of Defense Supplies Corporation. The capital stock of such new corporation will be controlled or wholly owned by Southeastern Pipe Line Company and its corporate title will be "Florida Emergency Pipe Line Company". Southeastern Pipe Line Company will agree to assist, to the extent provided in Exhibit B, in the management, operation and maintenance of such pipe line system.

All of the foregoing arrangements are, in the opinion of Defense Supplies Corporation, necessary to the successful conduct of the war program. In order that the parties to said agreements may have the benefit of the maximum legal protection available with respect to possible violations of the Anti-Trust Laws or the Federal Trade Commission Act, Defense Supplies Corporation hereby requests that you make an appropriate certification to the Attorney General, pursuant to the provisions of section 12 of the Act approved June 11, 1942 (Public Law 603, 77th Congress), with respect to the foregoing construction and agency agreements.

TRANSPORTATION AND DELIVERY OF DRY CLEANING IN ALTOONA, PENNSYLVANIA RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5578, 7694, 9623), Arthur A. Freeman, et al., doing business as F. & F. Cleaning & Dye

Works; M. G. Keatley, et al., doing business as Keatley & Nepper; National Cleaners & Dyers, Inc.; Puritan Cleaners, Inc.; George W. Stevenson, doing business as Stevenson's Odorless Cleaning; R. C. Musser and F. E. Iverson, doing business as Tauber Dry Cleaning Company, all of Altoona, Pennsylvania, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of dry cleaning in Altoona.

The participants in the plan comprise all of the dry cleaners of Altoona. They propose to eliminate wasteful operations in the pick-up and delivery of dry cleaning by reducing the frequency of such services for retail customers. The city is to be divided by a line running north and south. Customers on the east side are to be served only on Mondays, Wednesdays and Fridays, and the customers on the west side, on Tuesdays, Thursdays and Saturdays, of each week. It is further agreed that no truck will be operated to serve customers on a particular street more than once a day. The participants estimate that effectuation of the plan will result in savings of approximately 49 percent or 55,000 truck-miles a year. Allocation of business, division of territories between or among participants, and joint operation of trucks are not contemplated.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 693, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

[Kansas City Order 2 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR DESIGNATED AREAS IN KANSAS AND MISSOURI

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 6, community (dollars-and-cents) ceiling prices for certain food items sold in class 1 retail stores located in the following areas:

All of Wyandotte and Johnson Counties in the State of Kansas, all of Jackson County, Missouri, and all of the area lying along and south of State Highway No. 92 in Clay and Platte Counties, Missouri.

SEC. 2 *Application to other sellers.* No seller except a "retail route seller", may charge more than these community (dollars-and-cents) ceiling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores." All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations.

SEC. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores must post in a conspicuous place

in the store a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign reading "OPA-1," "OPA-2," "OPA-3," or "OPA-4," whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Revised Maximum Price Regulations Nos. 238 and 268.

SEC. 4 *Applicability of General Order No. 51.* This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

SEC. 5 *Effective date.* This order becomes effective on May 19, 1943.

SEC. 6 *The community (dollars-and-cents) ceiling prices established.* The following is a list of the food items and the community ceiling prices thereof:

[Rockford Order 2 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR CERTAIN AREAS IN WINNEBAGO COUNTY, ILL.

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 7, community (dollars and cents) ceiling prices for certain food items sold in classes 1, 2, 3 and 4 retail stores located in the following area:

The Township of Rockford, that portion of the Township of Cherry Valley lying within the village limits of Cherry Valley (Section 1 of Cherry Valley Township), and Sections 28, 29, 30, 31, 32 and 33 of Harlem Township, all within the County of Winnebago, and the State of Illinois.

SEC. 2 *Applications to other sellers.* No seller except a "retail route seller" may charge more than the ceiling prices fixed herein for his particular class of retailer as defined in section 4 hereof. Retail route sellers may continue to charge their present ceiling prices. The ceiling prices fixed herein for a class of retailer shall be the only ceiling prices for such food items for all sellers in that class. To the extent that prices are not

established for given classes of stores, prices previously charged in accordance with applicable maximum price regulations may continue to be charged.

SEC. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All retail stores must post in a conspicuous place in the store a list of the ceiling prices for such food items when such lists are supplied by the Office of Price Administration.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign showing the appropriate class of retailer, which sign will read, "OPA-1", "OPA-2", "OPA-3", or "OPA-4" whichever applies, so that it can clearly be seen by their customers.

SEC. 4 *Definitions of classes of retailers.* For the purpose of this regulation, retailers are divided into the following four classes:

(a) *Class 1.* "Independent" retail store with "annual gross sales" of less than \$50,000. For the purpose of this order, a retail store shall be an "independent" retail store if it is not one of a group of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(b) *Class 2.* "Independent" retail stores with "annual gross sales" of \$50,000 or more, but less than \$250,000.

(c) *Class 3.* Retail stores other than "independent" retail stores with "annual gross sales" of less than \$250,000.

(d) *Class 4.* "Independent" retail stores with "annual gross sales" of \$250,000 or more.

(e) Farmers shall be considered class 1 retailers for retail sales. Other sellers, not retail stores, shall find their class according to their 1942 volume of retail sales of all foods.

SEC. 5 *Applicability of General Order No. 51.* This order is subject to all the provisions of General Order No. 51 which are hereby made part of this order.

SEC. 6 *Effective date.* This order becomes effective on May 17, 1943.

Retail route-sellers may continue to charge their present ceiling prices. The ceiling prices fixed herein for a class of retailers shall be the only ceiling prices for such food items for all sellers in that class. Lower prices than those established herein may be charged, demanded, paid or offered.

SEC. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All retail stores, must post, in a conspicuous place in the store, a list of the ceiling prices for such food items, when such list is supplied by the Office of Price Administration.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign showing the appropriate class of retailers, which sign will read "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers.

SEC. 4 *Definitions of classes of retailers.* For the purpose of this regulation, retailers are divided into the following four classes:

(a) *Class 1.* "Independent" retail stores with "annual gross sales" of less than \$50,000. A retail store shall be an "independent" retail store if it is not one of a group of 4 or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(b) *Class 2.* "Independent" retail stores with "annual gross sales" of \$50,000 or more, but less than \$250,000.

(c) *Class 3.* Retail stores, other than "independent" retail stores, with "annual gross sales" of less than \$250,000.

(d) *Class 4.* Any retail store with "annual gross sales" of \$250,000 or more.

(e) Farmers shall be considered class 1 retailers for retail sales. Other sellers not retail stores shall find their class according to their 1942 volume of retail sales of all foods. (See section 21 of Revised Maximum Price Regulation No. 238 for the meaning and method of determining "annual gross sales.")

SEC. 5 *Applicability of General Order No. 51.* This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order.

COMMUNITY CEILING PRICES FOR PHOENIX AREA IN ARIZONA

SECTION 1 What this order does. In accordance with the provisions of General Order No. 51, this order establishes in section 6, community "dollars-and-cents" ceiling prices for certain food items sold in class 1 retail stores located in the following area: The City of Phoenix, and all cities or towns, including, but not limited to Mesa, Chandler, Tempe, Gilbert, Scottsdale, Glendale, Peoria, Tolleson, Laveen, Litchfield Park, Avondale, Cashion and all other locations within the present established free delivery area of wholesalers of such listed food items, who distribute from Phoenix.

Sec. 2 Application to other sellers. No seller except a "retail route seller", may charge more than these community "dollars-and-cents" ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores." All other sellers must continue to charge any lower ceiling prices established by any other applicable price regulations.

Sec. 3 Posting—(a) Selling prices. All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) Ceiling prices. All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) Class of store. All retail stores selling any of the food items listed below must post a sign "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. [South Carolina Order 1 Under Gen. Order 51]
COMMUNITY CEILING PRICES FOR COLUMBIA
AREA, SOUTH CAROLINA

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 7, Community (dollars-and-cents) ceiling prices for certain food items sold in class 1 retail stores located in the following area: The area of the City of Columbia and environs, including the territory within a radius of fifteen (15) miles of the State House.

SEC. 2 *Application to other sellers.* No seller, except a "retail route seller", may charge more than these community (dollars-and-cents) ceiling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores." All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations.

SEC. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores must post, in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by

any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign reading: "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. [Indianapolis Order 1 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR INDIANAPOLIS, INDIANA

Pursuant to General Order No. 51 and authority delegated to the District Director of the Indianapolis District Office thereunder, and under Delegation Order No. 38 issued by the Regional Administrator of Region III, and for the reasons stated in the opinion accompanying General Order No. 51 and opinion issued simultaneously herewith, *It is hereby ordered:*

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes the schedule of prices set forth in section 6 hereof as the community "dollars-and-cents" ceiling prices for all listed food items sold in "class 1 retail stores" located in the City of Indianapolis, Indiana. A "class 1 retail store" for the purpose of this order is an "independent retail store" with annual gross sales of less than \$50,000 which sells any of the food items listed in section 6. A retail store is an "independent retail store" if it is not one of a group of four or more stores under one ownership whose combined annual gross sales are \$500,000 or more. Annual gross sales shall be determined in the manner prescribed by Maximum Price Regulations No. 238 and No. 268 as the same may be revised from time to time. As to all class 1 retail stores in the City of Indianapolis selling any of the food items listed in section 6 of this order, the price set forth in section 6 is the ceiling price for each listed item for all such stores.

SEC. 2 *Application to other sellers.* This order does not apply to "retail route sellers". A "retail route seller" is a re-

tailer who sells food at retail from an inventory stocked in trucks or other conveyances, operated by driver-salesmen over regular routes. A seller is a "retail route seller" only with respect to the food that he sells in this way. "Retail route sellers" must continue to conform to their present ceiling prices.

All sellers of the food commodities listed in section 6 other than class 1 retail stores and retail route sellers must continue to determine their respective ceiling prices for all of such items in accordance with the applicable maximum price regulations and must continue to conform to their ceiling prices as fixed and determined by such applicable maximum price regulations: *Provided, however*, That no such seller shall exceed the price specified in section 6 hereof for any food commodity therein listed, notwithstanding the fact that his maximum price determined under an applicable price regulation would result in a higher ceiling price than that listed. Accordingly, as to all sellers located in Indianapolis, Indiana, other than class 1 retail stores and retail route sellers, the maximum price which may be charged for any item listed in section 6 of this order is the individual ceiling price of such seller or the price listed in section 6 hereof, whichever is the lower.

Sec. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores must post in a conspicuous place in the store a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices following the method specified by any other applicable regulation fixing their ceiling prices. No retail store, however, can have a ceiling price for any commodity described in section 6 in excess of the price there specified.

(c) *Class of store.* All class 1 retailers as defined in this order shall immediately post a sign reading "OPA-1" in such manner that it can be seen by all customers. All other retail stores selling any commodity listed in Section 6 shall upon supplemental order or notification by mail post similar signs indicating their appropriate classification. The classes of such retail sellers shall be those contained in Maximum Price Regulations No. 238 and No. 268 as the same may be revised from time to time.

Sec. 4 *Applicability of General Order No. 51.* All the terms and provisions of General Order No. 51 are incorporated herein and made a part hereof with like effect and to the same extent as though here set forth in full.

Sec. 5 *Effective date.* This order becomes effective on May 10, 1943, and shall continue in force and effect until revoked or modified by the Office of Price Administration.

Sec. 6 *The community "dollars-and-cents" ceiling prices established.* Annexed hereto and incorporated in and made a part of section 6 hereof is a list

of the food items and community ceiling prices thereof.

[Dayton Order 2 Under Gen. Order 51]

COMMUNITY CEILING PRICES IN DAYTON,
OHIO, AREA

SECTION 1 *What this order does.* Section 6 of this order establishes, in conformity with the provisions of General Order No. 51, community "dollars-and-cents" ceiling prices for certain food items, listed herein, sold by independent retail sellers whose places of business are located within the territorial limits of Montgomery County, Ohio, and whose annual gross sales volume is less than \$50,000.

SEC. 2 *Application to other sellers.* No seller to whom this order is applicable may charge more than the community "dollars-and-cents" ceiling prices established by this order. Community ceiling prices shall be the only ceiling prices for all food items listed in section 6 hereof when sold in independent retail establishments having an annual gross sales volume of less than \$50,000. This order shall not apply to "retail route-sellers" who are defined as retailers selling food at retail from an inventory stocked in trucks or other conveyances operated by the proprietors or driver-salesmen over regular routes. All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulation.

SEC. 3 *Posting.*—(a) *Selling prices.* All retail stores must post their selling prices for the food items listed herein, either on the item itself, or at or near the place where such food item is offered for sale. Posting must be made in such a manner as to be clearly visible to all customers.

(b) *Ceiling Prices.* All independent retail sellers of the food items listed in section 6 of this Order No. 2, having an annual gross sales of less than \$50,000 must post in a conspicuous and available place in their stores, lists of the community ceiling prices of the food items listed herein when such lists are supplied for their use by the Office of Price Administration. All other retailers must continue to post ceiling prices as required by any other applicable maximum price regulation.

SEC. 4 *Applicability of General Order No. 51.* This order is issued pursuant to the provisions of General Order No. 51 and all of the provisions of General Order No. 51 are by reference incorporated in and made a part of this District Order No. 2.

SEC. 5 *Effective date.* This order shall become effective at 12:01 a. m. on the 10th day of May 1943.

SEC. 6 *Community "dollars-and-cents" ceiling prices established.* The following is a list of the food items covered by this Order No. 2, together with the community ceiling prices thereof.

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 7, community "dollars and cents" ceiling prices for certain food items sold in class 1 (as hereinafter defined) retail stores. Likewise, section 8 establishes "dollars and cents" ceiling prices for designated private chain store brands. All prices apply exclusively in the Greater Louisville Area which includes: Jefferson County, Kentucky; New Albany, Indiana; Jeffersonville, Indiana.

SEC. 2 *Application to other sellers.* Excepting "retail route sellers", no seller may charge more than the community "dollars and cents" ceiling prices fixed in section 7. Retail route sellers may continue to charge their present ceiling prices. The prices enumerated in section 7 shall be the exclusive ceiling prices for designated food items sold by "class 1 retail stores". All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulation.

SEC. 3 *Posting—(a) Selling prices.* All retail stores, regardless of class, must post their selling prices for the food items listed in section 7 on the item at or near the place where such food item is displayed.

(b) *Ceiling prices.* All Class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling

prices for such food items when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores, regardless of class, selling any of the food items listed in Section 7 must post a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever applies, so that it can be clearly seen by their customers. Definitions of classes or retailers shall be those contained in Maximum Price Regulation Nos. 238 and 268 as the same may be revised from time to time.

SEC. 4 *Applicability of General Order No. 51.* This order is subject to all of the provisions of General Order No. 51 which are incorporated and made a part of this order by reference.

SEC. 5 *Effective date.* This Order becomes effective on May 10, 1943.

SEC. 6 *Definitions.* (a) "Sale at retail" means a sale to an ultimate consumer other than an industrial, commercial, or institutional user.

(c) "Class 1 retail store" means an independent retail store with annual gross sales of less than \$50,000.

(d) "Retail route seller" means a retailer who sells foods at retail from an inventory stocked in trucks or other conveyances operated by driver-salesmen over regular routes. A retailer is a "retail route seller" only for the foods he sells in this way.

Sec. 9 Registration. Every person selling at retail any food item for which a ceiling price is established by this order shall register with the Office of Price Administration at such time and in such manner as the District Director may hereafter by order prescribe, on forms which will be made available by the Office of Price Administration.

Sec. 10 Licensing—(a) License required. A license as a condition of selling is required of every person selling at retail any food item for which a ceiling is established by this order. No person whose license is suspended in proceedings under No. 205 (f) (2) of the Emergency Price Control Act of 1942 shall, during the period of suspension, sell any food item as to which his license to sell is suspended.

(b) License granted. Every person selling at retail any food item for which

a ceiling price is established by this order is hereby granted a license as a condition of selling any such food item. The provisions of this order and of every price regulation of the Office of Price Administration to which this section now is, or may hereafter become applicable, shall be deemed to be incorporated in the license to be granted, and any violation of any provision so incorporated shall be a violation of the provisions of said license. Such license shall be effective on the effective date of this order or when any such person becomes subject to the provisions of this order, and shall, unless suspended in accordance with the provisions of the Emergency Price Control Act of 1942, remain in effect as long as such order, or any applicable part, amendment, or revision remains in effect.

Sec. 11 Sales slips and receipts. Any seller who has customarily given a purchaser a sales slip, receipt, or similar evidence of purchase shall continue to do so. Upon request from a purchaser, any seller, regardless of previous custom shall give the purchaser a receipt showing the date, the name and address of the seller, the name of each food item sold, and the price received for it.

Sec. 12 Mail order sales. Persons making mail order sales may add to their "dollar and cents" ceiling price actual express charges or postage to the place of delivery designated by the purchaser.

Sec. 13 Prohibitions. The price limitations set out in sections 7 and 8 of this order shall not be evaded, whether by direct or indirect method in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt, of, or relating to the food items covered herein, singly or in conjunction with other listed food items or any other commodity or by way of commission, service, transportation or other charge or discount, premium, or other privilege, or by tying agreement or other trade understanding or otherwise.

Sec. 14 Penalties. Persons violating any provision of this order are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942, and proceedings for the suspension on licenses. Purchasers in the course of trade or business, as well as sellers, are subject to criminal penalties.

(b) *Ceiling prices.* All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign reading "OPA-1," "OPA-2," "OPA-3," or "OPA-4," whichever applies, so that it can be clearly seen by their customers. COMMUNITY CEILING PRICES FOR DESIGNATED COUNTIES IN KANSAS

Order establishing community (dollars-and-cents) ceiling prices on certain food items in the counties of Sedgwick, Cowley, Sumner, Butler and Harvey in the State of Kansas.

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 7 hereof, community (dollars-and-cents) ceiling prices for certain food items sold in class 1 retail stores located in the following areas: Sedgwick County, Cowley County, Sumner County, Butler County and Harvey County, in the State of Kansas.

Sec. 2 *Application to other sellers.* No seller except a "retail route seller" may charge more than these community (dollars-and-cents) ceiling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores". All other sellers must continue to charge no more than any lower ceiling prices established by other applicable price regulations.

Sec. 3 *Posting.*—(a) *Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores must post, in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign reading "OPA-1", "OPA-2", "OPA-3" or "OPA-4", whichever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Revised Maximum Price Regulations No. 238 and 268.

District Director,
Wichita District.

CEILING PRICES, COUNTIES IN KANSAS

NOTE: This "retail shopper's check-list" covers additional food items not covered by last Sunday's list. Save this page for reference in your daily shopping. Some classes of retail stores cannot legally charge prices as high as these. No store in these five counties can legally charge prices higher than those on the items listed. Similar cents-per-pound or per-package ceilings on these same items for other classes of retail stores will be published soon. Today's list does, at least, protect the shopper from paying more than any class of store can legally charge.

[Cincinnati Order 1 Under Gen. Order 51]

COMMUNITY CEILING PRICES FOR DESIGNATED COUNTIES IN OHIO AND KENTUCKY

SECTION 1 *What this order does.* In accordance with the provisions of General Order No. 51, this order establishes in section 6, community "dollar-and-cents" ceiling prices for certain food items sold in class 1 retail stores, (independent retail stores with annual gross sales of less than \$50,000), located in the following areas: Hamilton, Butler, Warren, Clermont and Brown Counties of the State of Ohio, and Campbell, Kenton and Boone Counties of the State of Kentucky.

SEC. 2 *Application to other sellers.* No seller except a "retail route seller", may charge more than these community "dollar-and-cents" ceiling prices. Retail route sellers may continue to charge their present ceiling prices. The community ceiling prices shall be the only ceiling prices for such food items for "class 1 retail stores", (independent retail stores with annual gross sales of less than \$50,000). All other sellers must continue to charge no more than any lower ceiling prices established by any other applicable price regulations.

SEC. 3 *Posting—(a) Selling prices.* All retail stores must post their selling prices for the food items listed below on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores (independent retail stores with annual gross sales of less than \$50,000) must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices as required by any other applicable regulation fixing their ceiling prices.

(c) *Class of store.* All retail stores selling any of the food items listed below must post a sign reading "OPA-1",

"OPA-2", "OPA-3", or "OPA-4", which ever applies, so that it can be clearly seen by their customers. The definitions of classes of retailers shall be those contained in Maximum Price Regulations Nos. 238 and 268 as the same may be revised from time to time. Said regulations as now amended define a class 1 retail store as an independent retail store with annual gross sales of less than \$50,000.

SEC. 4 *Applicability of General Order No. 51.* This order is subject to all the provisions of General Order No. 51, which are hereby made a part of this order. General Order No. 51 includes the following definitions:

A retail store shall be an "independent" retail store if it is not one of a group of four (4) or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

"Sale at retail" means a sale to an ultimate consumer other than to a commercial, industrial or institutional user.

"Retail route seller" shall mean a retailer who sells food at retail from an inventory stocked in trucks or other conveyances operated by driver-salesmen over regular routes. A retailer is a "retail route seller" only for the foods he sells in this way.

SEC. 5 *Effective date.* This order becomes effective on May 10, 1943.

SEC. 6 *The community "dollar-and-cents" ceiling prices established.* The following is a list of the food items and the community ceiling prices thereof:

COMMUNITY CEILING PRICES FOR EVANSVILLE, INDIANA

Pursuant to General Order No. 51 and authority delegated to the District Director of the Indianapolis District Office thereunder, and under Delegation Order No. 38 issued by the Regional Administrator of Region III, and for the reasons stated in the opinion accompanying General Order No. 51 and opinion issued simultaneously herewith, it is hereby ordered:

SECTION 1 Effect of order as to class 1 retail stores. In accordance with the

provisions of General Order No. 51, this order establishes the schedule of prices set forth in section 7 hereof as the community (dollars-and-cents) ceiling prices for all listed food items sold in "class 1 retail stores" located in the City of Evansville, Indiana. A "class 1 retail store" is an "independent retail store" with annual gross sales of less than \$50,000 which sells any of the food items listed in section 7. A retail store is an "independent retail store" if it is not one of a group of four or more stores under one ownership whose combined annual gross sales are \$500,000 or more. Annual gross sales shall be determined in the manner prescribed by Maximum Price Regulations No. 238 and No. 288 as the same may be revised from time to time. As to all class 1 retail stores in the City of Evansville selling any of the food items listed in section 7 of this order, the price set forth in section 7 is the ceiling price for each listed item for all such stores.

SEC. 2 Exemption of retail route sellers. This order does not apply to "retail route sellers". A "retail route seller" is a retailer who sells food at retail from an inventory stocked in trucks or other conveyances, operated by driver-salesmen over regular routes. A seller is a "retail route seller" only with respect to the food that he sells in this way. "Retail route sellers" must continue to conform to their present ceiling prices.

SEC. 3 Application to other classes of retail stores. All sellers of the food commodities listed in section 7 other than class 1 retail stores and retail route sellers must continue to determine their respective ceiling prices for all of such items in accordance with the applicable maximum price regulations and must continue to conform to their ceiling prices as fixed and determined by such applicable maximum price regulations: *Provided, however,* That no such seller shall exceed the price specified in section 7 hereof for any food commodity therein listed, notwithstanding the fact that his maximum price determined under an applicable price regulation would result in a higher ceiling price than that listed. Accordingly, as to all sellers located in Evansville, Indiana, other than class 1 retail stores and retail route sellers, the maximum price which may be charged for any item listed in section 7 of this order is the individual ceiling price of such seller or the price listed in section 7 hereof, whichever is the lower.

SEC. 4 Posting—(a) *Selling prices.* All retail stores must post their selling prices for the food items listed in section 7 on the item or at or near the place where such food item is offered for sale.

(b) *Ceiling prices.* All class 1 retail stores must post in a conspicuous place in the store, a list of the community ceiling prices for such food items, when such list is supplied by the Office of Price Administration. Other retailers must continue to post ceiling prices following the method specified by any other applicable regulation fixing their ceiling prices. No retail store, however, can have a ceiling price for any commodity de-

scribed in section 7 in excess of the price there specified.

(c) *Class of store.* All class 1 retailers as defined in this order shall immediately post a sign reading "OPA-1" in such manner that it can be seen by all customers. All other retail stores selling any commodity listed in section 7 shall upon supplemental order or notification by mail post similar signs indicating their appropriate classification. The classes of such retail sellers shall be those contained in Maximum Price Regulations No. 238 and No. 268 as the same may be revised from time to time.

Sec. 5 *Applicability of General Order No. 51.* All the terms and provisions of General Order No. 51 are incorporated herein and made a part hereof with like effect and to the same extent as though here set forth in full.

Sec. 6 *Amendment.* This order may be revoked, amended or corrected at any time.

Sec. 7 *The community (dollars-and-cents) ceiling prices established.* Annexed hereto and incorporated in and made a part of section 7 hereof is a list of the food items and community ceiling prices thereof.

This order shall become effective May 17, 1943.

THE NORTH AMERICAN COMPANY

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 25th day of May 1943.

Sale of public utilities securities by registered holding company, declaration by registered holding company pursuant to Rules U-43 and U-44 regarding the disposition, in payment of dividend on its common stock, of shares of the common stock of its public utility subsidiary, permitted to become effective.

Appearances: Frederick Zazove, for the Public Utilities Division of the Commission, Charles S. Hamilton, Jr., for The North American Company.

The North American Company (North American), a registered holding company, has filed a declaration with the Commission, pursuant to the Public Utility Holding Company Act of 1935, specifically section 12 (d) and Rules U-43 and U-44 thereunder, regarding a proposed distribution on or about July 1, 1943, in payment of a dividend on its common stock, of not more than 75,000 shares of its total holdings (2,002,770 shares) of the common stock of its pub-

¹2 for 19 cents.

lic utility subsidiary, Pacific Gas and Electric Company (Pacific).

The 2,002,770 shares of Pacific owned by the applicant represent approximately 17% of the outstanding voting stock of that company and are carried on the books of the applicant at an aggregate amount of \$63,765,419 which is equivalent to \$31.84 per share. The 75,000 shares will be distributed on the basis of one share of Pacific stock for each 100 shares of North American common. No certificates will be issued for fractions of shares of Pacific stock, but in lieu thereof cash will be paid at the rate of 29¢ for each share of North American common, based on the market price of approximately \$28.87½ per share at the time of the dividend declaration. The applicant indicates that about \$400,000 in cash will be disbursed in lieu of fractional shares.

On April 14, 1942, the Commission ordered North American, among other things, to divest itself of its holdings in certain subsidiaries, including Washington Railway and Electric Company, The Detroit Edison Company and Pacific (Holding Company Act Release No. 3405). Since the date of our order North American has continued the practice begun in 1940 of paying its quarterly dividends in stock of its subsidiaries. In all, three dividends in participating units of Washington Railway and Electric Company common stock and eight quarterly dividends in the capital stock of The Detroit Edison Company have been paid. North American by this means has disposed of practically all of its holdings in The Detroit Edison Company. This policy has enabled the applicant to conserve more than \$30,000,000 in cash which has been utilized to reduce its funded debt from \$70,000,000 to \$38,650,000. The applicant states that the cash conserved by paying the proposed dividend in stock will be used for the same purpose.

This is the first dividend proposed to be paid in the common stock of Pacific. Although we see no reason at this time for not permitting the present declaration to become effective, we do not wish our action in this regard to be taken as an expression of our approval of any extended program for effecting compliance with our previous order.

Having examined the record, we find that it is appropriate in the public interest and in the interest of investors and consumers that the declaration be permitted to become effective; therefore

It is ordered, That, subject to the terms and conditions prescribed in Rule U-24, the declaration be and the same is hereby permitted to become effective forthwith.

By the Commission.

Secretary.
